# Holland Park Pre-Prep School and Day Nursery

2008

At the heart of HPPN is our family connection, a close-knit community built on trust, care and respect. We pride ourselves on providing a home-from-home atmosphere for children, parents and staff. This familial ethos allows us to built lasting relationships that extend beyond the classroom, creating a truly supporting environment for every family we welcome.

As we continue to grow, our mission remains consistent: to offer high-quality childcare in a nurturing, inclusive space where children feel free to be themselves and their potential is celebrated. We are proud to be part of the fabric of this wonderful community, and are passionate about providing the very best care and education for every child that walks through our doors.

Holland Park Pre-Prep & Nursery was founded by Kitty, a mother who, after becoming a parent herself, felt a deep desire to create an environment that would nurture her child's development and education.

What started as a personal mission to provide the best possible start in life for her own child, soon grew into a thriving nursery, dedicated to supporting the growth of many children over the years.

For over 30 years, HPPN has remained committed to offering a well-rounded education that supports each child through every stage of their learning journey.

From early explorations to preparing for their next steps in school and society, we've always believed in creating a balanced environment, where children can develop both academically and socially, feeling confident and ready for the future.

## AN AMBITIOUS CURRICULUM

Holland Park Pre-Prep & Nursery provides an environment for children to grow and learn. We encourage a love of learning through discovery and exploration. We champion new and innovative ideas in the early year sector.

At HPPN we teach kindness, positive and healthy attitudes, high aspirations and most importantly, we give the children the opportunity to be the best version of themselves.

Our curriculum enables the children to become independent, creative and ambitious whilst developing friendships, having respect for one another and respect for the world around them. We want children to leave HPPN as confident and independent learners, for them to have a love for learning and discovery which will last a lifetime.

We endeavour to inspire young explorers! We do this by tapping into children's inquisitive nature with a broad and ambitious curriculum. Harri, who is a young explorer, promotes our values.

Moreover, we place a high emphasis on our specialist classes with the aim to expose the children to a wide range of experiences and representations.

- Karate with Tiger Cub Karate (2 years plus)
- Sport with Sporty Minis (2 years plus)
- Dance with Little Dance Academy
- Spanish through songs and live music with Bilingual Beats
- Drama/Music with Pippa's Poppets(Nursery)

I AM H.A.R.R.I  
I AM HAPPY  
I AM AMBITIOUS  
I AM RESILIENT  
I AM RESPECTFUL  
I AM INDIVIDUAL

## LOWER NURSERY

We know just how important these first years are, and how much the children begin to learn and develop. We pride ourselves on giving even our youngest children a broad range of experiences to challenge them and to begin to foster a love of discovery and exploration within a calm nurturing environment.

Lower Nursery is our under 2's home from home and is situated on the lower ground floor. This classroom is the perfect environment for children to challenge themselves and develop a strong exploratory impulse as well as building their social skills.

## UPPER NURSERY

Upper Nursery is designed to support our 2-year-olds in their continued development. We understand that children of this age still need a great deal of emotional support as they build their bodies and minds in preparation for later learning.

We provide each child with a tailored approach to ensure they get the most out of this room. Children are given a mixture of structured learning, free play and garden time, while also developing valuable social and self-care skills.

A photograph of a classroom with a wall covered in a vibrant, repeating pattern of green elephants and palm trees. In the foreground, there is a light-colored wooden table with several matching chairs. To the left, a blue storage cabinet is visible. To the right, a blue cushioned bench is partially seen.

## LOWER PRE-PREP

Lower Pre-Prep builds on previous skills, introducing structured phonics and numeracy learning alongside diverse topics to enhance children's awareness of their surroundings.

Physical, social, and language development remain crucial, with this class regularly joining older peers to learn and challenge themselves. We offer garden time and access to climbing equipment, tricycles, scooters, balance bikes, and sports gear to encourage individual and group physical activity.

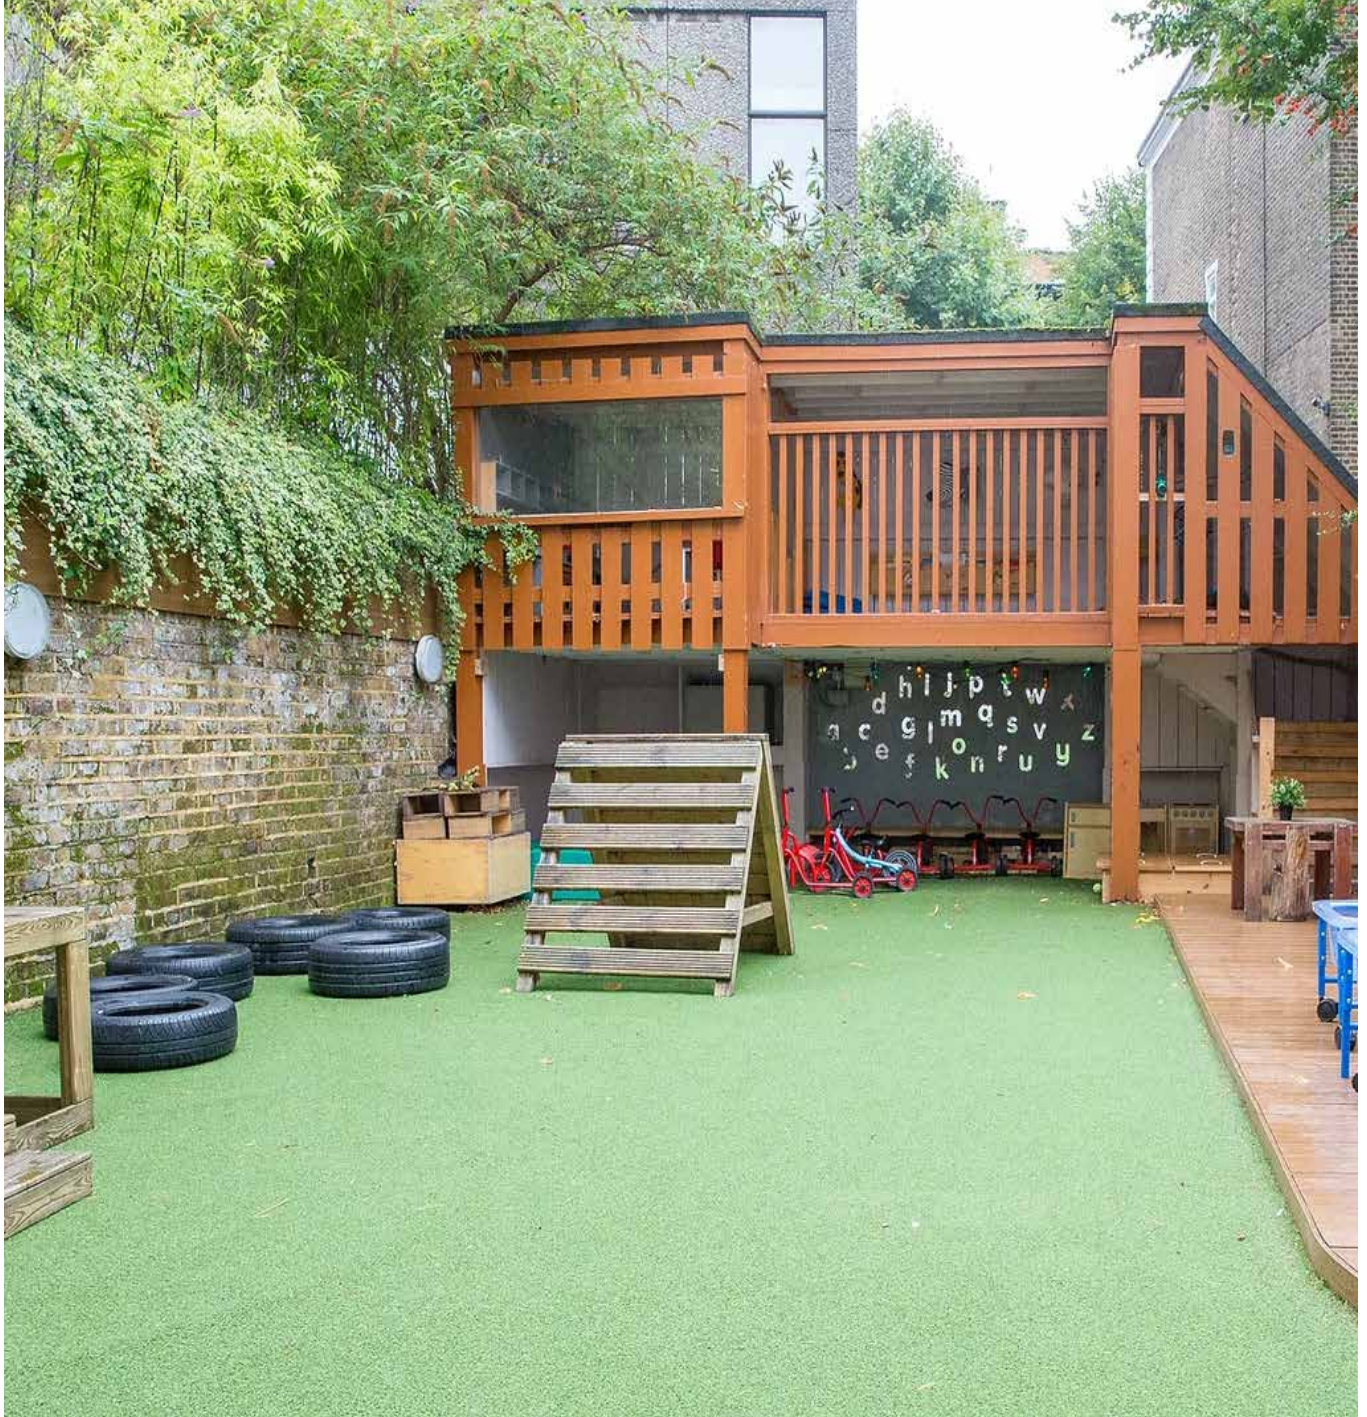

A photograph of a classroom with a light-colored wall and a white door. To the right, there are three framed pictures on the wall. In the foreground, a large blue mat is on the floor, covered with various toys including a grey castle, a grey elephant, a yellow car, and several animal figurines. A black storage cart is visible on the left side.

## UPPER PRE-PREP

Upper Pre-Prep is aimed at providing school readiness for children who will be going to Reception Class the following September, while still allowing them to have fun and build their personalities before school really starts!

We have a focus on Mathematics and Literacy in this class, but also put an emphasis on creativity and external experiences, with trips to parks, museums and art installations.

# THE GREAT OUTDOORS

At HPPN we are committed to the importance of daily outdoor play and the physical development of all children regardless of their age and stage of development. We provide outdoor play in all weathers. We are lucky enough to have a large outdoor space for children to explore and create long lasting memories with their peers.

Our aim is to provide children with the highest quality of care and education and to meet the individual needs and circumstances of every child and their family. In order to achieve this, we aim to work in partnership with parents and carers to make the setting a welcoming place where children settle quickly and easily. At HPPN we champion parental involvement and encourage parents to be involved in all aspects of nursery life!

Holland Park Pre-Prep & Nursery promotes Healthy Eating through the provision of fresh, nutritious, and varied food in a balanced format across the different food groups. Snack and mealtimes are an important part of the child's day. While at nursery the children will be able to enjoy two hot meals which are prepared onsite by our amazing head chef Miss Vivian. Mealtimes provide children with the opportunity to develop skills of independence through self-feeding, making choices and using age-appropriate utensils.

At HPPN we wish to support children to learn about sustainable practices and foster respect and care for the living and non-living environment.

Children are able to develop positive attitudes and values about sustainable practices by exploring solutions to environmental issues, learning about the world around them and how to protect it, and watching adults role model sustainable practices.

We promote a holistic, open-ended curriculum which explores ideas and practices for environmental sustainability and helps children understand the interdependence between people and the environment.

# Structure & Fees

We are open from 08:15am until 6.15pm and various attendance patterns are offered.

## Nursery

3 months - 3 years. All year care

### Under 2s

*"Holland Park Pre-Prep & Nursery has been amazing! The staff is incredible and are so caring and dedicated, creating a warm and safe environment where our child has truly thrived. The activities are engaging, and we've seen such positive growth. Highly recommend for any parent seeking the best care for their little one! Their efforts have a great impact on my child in his early years of learning in a short time"*
